DIPARTIMENTO DI
INGEGNERIA CIVILE E AMBIENTALE

Seminars organized by the DICA Scientific Commission
V cycle – Academic Year 2017/18

Tuesday October 24, 2017, Aula Rossa (Building 4a), 11.00 a.m.

Paola Gattinoni: “Hydrogeological issues in geological hazard assessment”

Tuesday November 21, 2017, Beltrami Room (Building 5), 11.00 a.m.

Paolo Martinelli: “2D Fibre Reinforced Concrete (FRC) elements: from material to structural design”

Tuesday December 19, 2017, Beltrami Room (Building 5), 11.00 a.m.

Raffaele Ardito: “Elastic metamaterials applied to vibration control”

Tuesday January 23, 2018, Beltrami Room (Building 5), 11.00 a.m.

Donatella Sterpi: “Thermo-active geostructures for near-surface geothermal energy”

Tuesday February 20, 2018, Beltrami Room (Building 5), 11.00 a.m.

Gianandrea Messa: “Slurry flows in pipeline systems: modelling and management”

Tuesday March 20, 2018, Beltrami Room (Building 5), 12.00 a.m.

Maria Brovelli: “The crowdsourcing revolution: state of art and open questions”

Tuesday April 17, 2018, Beltrami Room (Building 5), 11.00 a.m.

Maria Cristina Rulli: “Global change and the approaching of the planetary boundaries”

Tuesday May 22, 2018, Beltrami Room (Building 5), 11.00 a.m.

Pier Giorgio Malerba: “Bridges with hinged spans after a centenary experience”

Tuesday June 19, 2018, Beltrami Room (Building 5), 11.00 a.m.

Elena Sezenna: “Bioelectrochemical systems for sustainable environmental remediation”

Tuesday July 17, 2018, Beltrami Room (Building 5), 11.00 a.m.

Daniela Molinari: “Flood damage assessment for risk mitigation”
